## WORK EXPERIENCE

### WEB DESIGNER

Dentons Digital, Westbury

14 Nov 2016 - Current

Dentons Digital is a Digital Agency Specialising in various areas of Digital Media

My role as web Designer includes

- Designing and Building WordPress Websites for a variety of clients
- Creating WordPress Themes for clients using HTML5, CSS3 (SASS), PHP and JQuery using Bootstrap or Foundation.
- Redesigned and built new Dentons Digital Website (<https://dentonsdigital.com>)
- Using Hotjar and Analytics, evaluate success of initial Dentons Digital and redesigned front page using Adobe Experience Design to improve conversions.
- Continued Maintenance for WordPress, Joomla and static HTML sites for a variety of different clients.

### FRONT END DEVELOPER

English Heritage, Swindon

5 Oct 2015 - 11 Nov 2016

As a Front End Developer for the English Heritage Website ([www.english-heritage.org.uk](http://www.english-heritage.org.uk)).

My role includes

- Building new functionality for the website using HTML5, SASS, CSS3 and JQuery.
- Developing Scrolling Graphic Novel Animation using GreenSock.js and ScrollMagic.js
- Fixing Bugs and making improvements on existing functionality. Working with Front and Back End Developers and testers in order to produce solid fixes.

### AKX WEBMASTER & UX DESIGNER

Ministry of Defence, Warminster

22nd Jun 2009 - 2nd Oct 2015

The Army Knowledge eXchange (AKX) is a SharePoint 2013 intranet website providing knowledge for various members of the Armed Forces. My role includes

- Lead Designer for site transfer from SharePoint 2007 to SharePoint 2013, liaising with Microsoft engineers to develop proof of concepts and site migration plans.
- Developed Photoshop and HTML UI mock-ups for design concepts and approval.
- Designed and built Master Templates and Page Templates using HTML 4&5, CSS 3, JQuery. Modified Content By Search and Content Query Web Parts templates to display dynamic content on the website
- Created Persona's and developed and ran interviews and card sorting exercises to better understand user experience issues on the SharePoint 2007 site to better enhance the SharePoint 2013 site.
- Pushed the limits of design using legacy technology like Internet Explorer 8.

# ROBERT CLARK

Web & UX Designer

## INTERESTS & HOBBIES

**Football** - I am a member of the Stiffs Football Club playing in the Trowbridge & District 2nd Division. I will now be playing my 4th Season with them.

**UX, Web & Graphic Design** - During my spare time I use this as an opportunity to improve my skills in this field.

**Music** - I love listening to a variety of different styles of music and also able to play on the Violin and Bass Guitar.

**Films & Cinema** - I have a keen interest in films, and watch a variety of different genres. My Favourite films are Gladiator and the Dark Knight while my favourite TV series is Game of Thrones

**Creative Writing** - I like to use my creative skills and create stories when time allows. In the future I would like to develop these into novels or 3d animations
